Beverage Packaging Solutions

WHY ORORA?

Orora is a leading provider of custom packaging solutions for the beverage industry and beyond. Our “Total Packaging Solutions” approach offers everything you need for your brewery or beverage packaging operation. When you partner with Orora, you gain a valuable business partner that helps you sell more of your product through innovation, customization, and driving lower cost.

We specialize in:

- Primary Packaging: Glass and Aluminum
- Structural Design: Boxes, Cartons, and Carriers
- Labels, Tasting Room and Retail
- Automation and Equipment
- Warehouse Services and Just in Time (JIT) Inventory

Primary Packaging: Glass & Closures

We are experts at crafting sophisticated glass bottles that build on the brand strategies of our customers. Our state-of-the-art glass facility creates a variety of products for makers of beer, wine, cider, alcoholic ready-to-drink beverages, carbonated soft drinks, and juice.

With 30 standard bottle designs and six colors to choose from, we offer diverse and inspired choices from 375mL to 1.5L bottles. Beyond our standard bottle range, we can create completely customized bottle shapes of any form, size, or design. We aspire to make the seemingly impossible, possible.

Primary Packaging: Aluminum Cans

We produce aluminum beverage cans and can ends which we support with a powerful suite of enhancements. The markets for Orora's beverage cans include beer, cider, alcoholic ready-to-drink, carbonated soft drinks, juices, wine, and energy drinks.

Shrink sleeve technology

- Our shrink sleeve decoration capabilities easily transform any can into a powerful marketing tool.
- Orora has the capabilities to produce short runs with low minimums and reduced lead times. This allows for flexibility for new product launches.

Structural Design: Boxes, Cartons, & Carriers

Orora develops and delivers high-quality paperboard solutions that are custom-tailored to add value to your business.

Our printing options include:

- Pre-print
- Graphic and pre-press design
- Structural design
- One to six color printing
- Litho-laminate printing
- Flexographic printing
- Direct printing
- Rotary die printing
- Specialty and multi-point gluing

We also offer UV and moisture barrier coatings to maximize protection, enhance visual appeal, and reduce costs. Our cutting edge printing techniques, such as inside the box printing, protects products from theft while delivering a memorable experience to the end user.

OUR SOLUTIONS

Labels, Tasting Room, & Retail

Labels

Labels bring your products to life and differentiate your product on the shelf. At Orora, we provide a wide array of custom and stock labels. Our offering includes a variety of print capabilities such as digital, flexo, offset, and litho.

Some label styles include:

- Pressure sensitive
- Cut and stack
- Bottle and can sleeves

Tasting Room & Retail

Orora has everything you need to promote your craft. We offer a large selection of retail shop and tasting room supplies that can be personalized with your brand, helping you increase your market visibility.

Our beverage packaging specialists are experts in:

- Case Shippers
- POP Displays
- Gift Box Sets
- Retail Boxes
- Wine Carriers & Totes
- Display Boxes
- Non-woven Reusable Bags
- Gift Wraps & Custom-Printed Tissues
- Mailing Supplies
- Promotional Items
- Carriers and Totes
- And more!

Automation & Equipment

From a single machine to a fully automated production line, Orora provides and sources best-of-breed packaging equipment solutions. This, combined with our focus on customer relationships and innovation, ensures our recommended solutions increase productivity, improve quality, and build your bottom line.

Orora systems include:

- Depalletizers
- Bottling and filling systems
- Canning lines
- Labeling equipment
- Litho-laminate printing
- Tray and carton erecting machines
- Date-coding machines
- And much more!

Our expert team can install, commission, and train customer teams on newly installed equipment. This premium service is backed by a complete inventory of packaging equipment parts and a team of highly trained technicians available to work with you every step of the way.

On Demand Logistics

Just In Time Delivery (JIT)

Orora's Just in Time Delivery program allows you to delegate a portion of your warehousing operations to our experienced professionals, thereby releasing valuable space in your facility to be utilized more profitably.

We will conduct a thorough analysis of your objectives and requirements to create a cost-efficient strategy for your business.

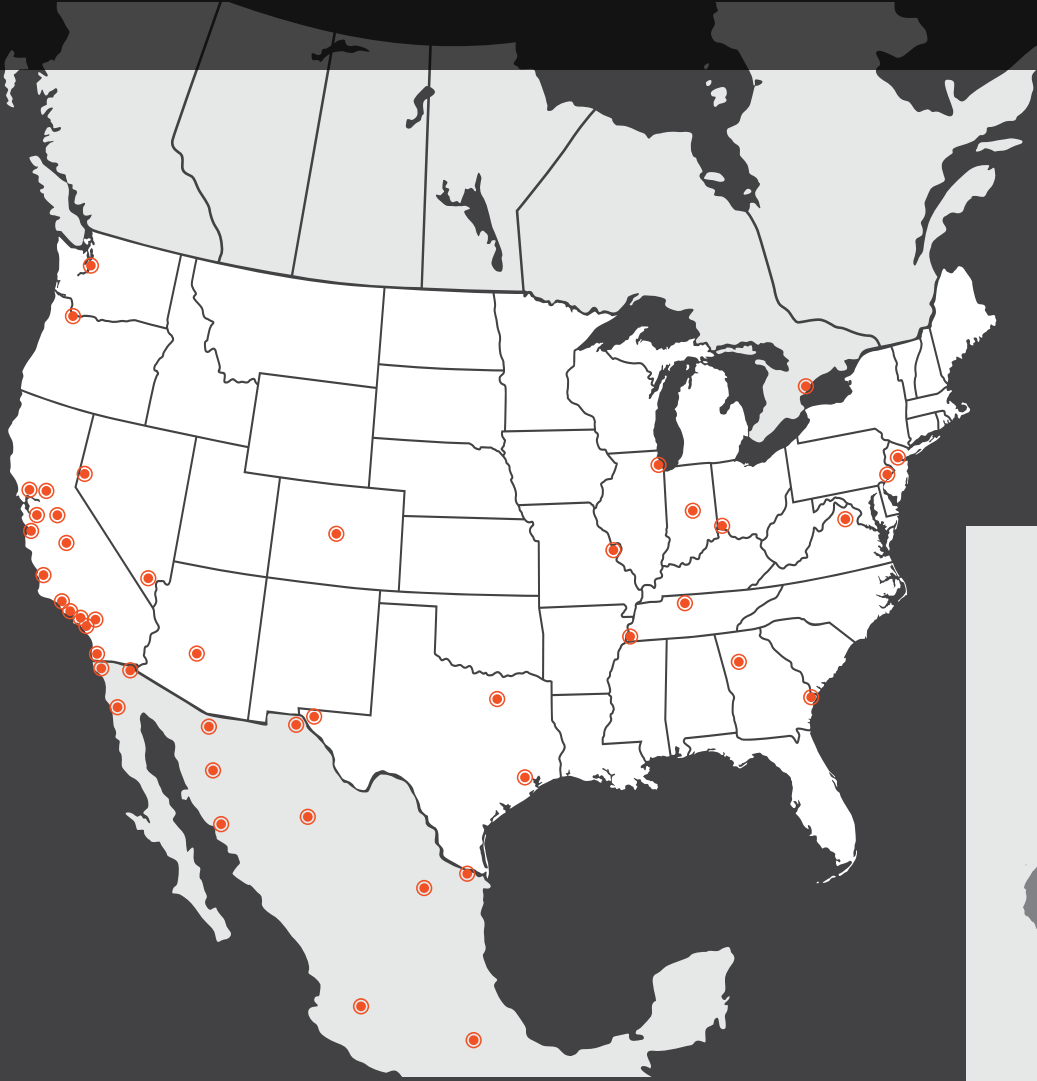

Vendor Managed Inventory

Orora will effectively manage and plan your production needs with Vendor Managed Inventory (VMI) services. VMI has become the preferred way of doing business for thousands of manufacturers, distributors, and retailers.

Orora offers a wide range of VMI solutions. From simple bi-weekly walkthroughs to check stock packaging levels in your facility to blanket POs managed and transacted via EDI.

Establishing a VMI system results in efficiency improvements of supply chain, production, and supplier relations.
